

Industrial Supply Company

Daca nu se precizeaza altceva, toate dimensiunile sunt date in mm, cu exceptia danturilor 1/16" si 3/32".

Articolele afisate sunt doar sugestii. Inaintea utilizarii, va rugam sa verificati daca solicitarea dumneavoastra de prindere corespunde specificatiei indicate de producatorul universalului. Verificarea se face pe baza instructiunilor de utilizare sau a altor documente tehnice ale universalului dumneavoastra. Va rugam sa observati mentiunile pentru unitatile de impachetare.

Toate preturile afisate sunt nete si „ex-works”. La livrarile pe teritoriul Germaniei se adauga TVA.

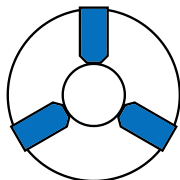

Oferta nu implica obligatii si este strict comerciala. Drepturi rezervate pentru modificari, greseli de tipar si erori.

Daca nu gasiti un anumit produs sau aveti intrebari ori sugestii, va rugam sa luati legatura cu echipa Kitagawa.

Bacuri frontale moi

A technical drawing of a soft front tool, showing a perspective view. The tool is a rectangular block with a rounded top. Dimensions are labeled: A is the length, B is the width, C is the height, D is the depth of the top surface, E is the depth of the front surface, and H is the height of the front surface.

A technical drawing of a rectangular bar holder. The dimensions are labeled as follows: A is the length, B is the width, C is the height, D is the depth of the front flange, E is the depth of the rear flange, and H is the height of the central opening. The holder has a central rectangular slot and two side flanges.

Valorile ptr. diametrul de strangere si diametrul de rotatie sunt doar orientative.

Bacuri frontale moi

Technical drawing of a rectangular plate with dimensions A, B, C, D, E, and H labeled. The plate is shown in a perspective view, with dimensions A and B representing the base, C representing the height, D representing the width of the top surface, E representing the width of the front edge, and H representing the height of the front edge.
